

SAFETY DATA SHEET

Issue Date: 3/21/2022

Revision Date: 2/27/2023

Version 3

1. IDENTIFICATION

Product identifier

Product Name

Ven Sweep 3000

Rev Sweep

Other means of identification

SDS #

VSTB-003

Recommended use of the chemical and restrictions on use

Recommended Use

Viscosifier.

Details of the supplier of the safety data sheet

Vendetta Chemical Solutions, LLC

4000 South CR 1140

Midland Texas, 79706

Contact@VendettaChems.com

Emergency telephone number

Company Phone Number

1-432-237-1451

Emergency Telephone

1-855-596-6516

2. HAZARDS IDENTIFICATION

Appearance yellow tan to brown suspension liquid

Physical state Viscous liquid

Odor mild aromatic

Emergency Overview: WARNING: Causes serious eye irritation. Causes skin irritation. Keep out of reach of children. Read label before use.

Skin: Causes skin irritation.

Eyes: Causes serious eye irritation.

Inhalation: Avoid breathing vapors or mist. Prolonged or excessive inhalation may cause respiratory tract irritation of the mucous membranes.

Ingestion: Not considered a potential route of exposure. Ingestion can cause irritation of the mouth, throat and esophagus.

Chronic exposure: Repeated or prolonged skin contact may cause skin irritation and/or dermatitis and sensitization of susceptible person. No known carcinogenic effects.

PICTOGRAMS

Precautionary Statements - Response

P262: Do not get in eyes, on skin, or on clothing.

P280: Wear protective gloves/protective clothing/eye protection/face protection.

P303+P361+P353: IF ON SKIN (or hair): Remove/Take off immediately all contaminated clothing. Rinse skin with water/shower.

P305+P351+P338: IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

Precautionary Statements - Storage

Store locked up

Store in a well-ventilated place

Precautionary Statements - Disposal

Dispose of contents/container to an approved waste disposal plant

3. COMPOSITION/INFORMATION ON INGREDIENTS

Chemical Name	CAS No	Weight - %
Trade Secret	Proprietary	>80.0
Petroleum Distillates, Hydrotreated Light	64742-47-8	<20.0

If Chemical Name/CAS No is "proprietary" and/or Weight-% is listed as a range, the specific chemical identity and/or percentage of composition has been withheld as a trade secret.

4. FIRST AIDE MEASURES

Description of first aid measures

Eye Contact	Possible eye irritation. Flush immediately with large amounts of water for at least 15 minutes. Eyelids should be held away from the eyeball to ensure thorough rinsing. Get immediate medical attention.
Skin Contact	Possible skin irritation. Flush immediately with large amounts of water while removing contaminated clothing. Wash contaminated clothing before reuse.
Inhalation	Possible nasal irritation. Remove exposed person from source of exposure to fresh air.
Ingestion	Drink copious amounts of water. Seek medical attention. Do not induce vomiting unless directed by medical personnel.

5. FIRE-FIGHTING MEASURES

Suitable Extinguishing Media

Use dry chemical, foam, or carbon dioxide to extinguish fire. Water may be ineffective but should be used to cool fire-exposed containers, structures and to protect personnel. Use water to dilute spills and to flush them away from sources of ignition.

Fire Fighting Procedures

Do not flush down sewers or other drainage systems. Exposed firefighters must wear NIOSH approved positive pressure self contained breathing apparatus with full mask and full protective clothing.

Unusual Fire and Explosion Hazards

Could be dangerous when exposed to flame. Liquid could float.

Combustion Products

Irritating substances may be emitted upon thermal decomposition. Thermal decomposition products may include oxides of carbon

6. ACCIDENTAL RELEASE MEASURES

Use suitable safety equipment including nitrile gloves and safety glasses. Stop leak if possible to do so without risk.

Small spills clean up with sand or other noncombustible absorbent material and place into containers for later disposal. Large spills contain with dike ahead of spill for later disposal. (See Section 8) Flush with water to clean contaminated area. Do not flush to sewer or waterways. Prevent release to the environment if possible.

7. HANDLING AND STORAGE

Handling

Do not get in eyes, on skin or clothing. Do not breathe vapor or mists. Keep container closed. Use with adequate ventilation. Use good personal hygiene practices. Wash hands before eating, drinking or smoking. Remove contaminated clothing and clean before re-use.

Storage

Store in tightly closed containers in cool, dry, well-ventilated area away from heat, sources of ignition and incompatibles. Ground lines and equipment to reduce possibility of static spark initiated fire. Store between 0 C (32 F) - 37.7 C (100 F). Best if stored out of direct sunlight. Keep container closed and upright when not in use. Protect container against physical damage.

8. EXPOSURE CONTROLS/PERSONAL PROTECTION

Exposure Limits

Occupational exposure limit is based on irritation effects and its adjustment to compensate for unusual work schedules is not required.

Engineering Controls

Local exhaust ventilation may be necessary to control ventilation for confined spaces. Use explosion proof ventilation equipment.

Personal Protective Equipment (PPE)

Eye Protection	Wear chemical safety goggles (glasses). Have eye wash stations available where eye contact can occur.
Skin Protection	Avoid skin contact. Wear gloves impervious to conditions of use. Additional protection may be necessary to prevent skin contact including apron, face shield or boots.
Respiratory Protection	If exposure limits are exceeded, NIOSH approved respiratory protection should be worn. For unknown concentrations and for oxygen deficient atmospheres use a NIOSH approved air supplied respirator.

9. PHYSICAL AND CHEMICAL PROPERTIES

Information on basic physical and chemical properties

Physical state	Viscous liquid		
Appearance	Tan viscous liquid	Odor	mild aromatic
Color	Yellow tan to brown	Odor Threshold	Not determined

Property

Values

pH	Not determined
Melting point / freezing point	Not determined
Boiling point / boiling range	Not determined
Flash point	>99°C / >210°F
Evaporation Rate	Not determined
Flammability (Solid, Gas)	Not determined
Flammability Limit in Air	
Upper flammability or explosive limits	Not determined
Lower flammability or explosive limits	Not determined
Vapor Pressure	Not determined
Vapor Density	Not determined
Specific Gravity (g/mL @ 25C)	1.06 - 1.10
Water Solubility	Dispersible/limited by viscosity
% Volatile	Not determined
Molecular Weight	mixture
Viscosity (Fann 35 B1R1 @ 300 RPM 20C / cP)	<350
Pour Point	-30C (-22F)
Explosive Properties	Not determined
Oxidizing Properties	Not determined

10. STABILITY AND REACTIVITY

Chemical stability .

Stable

Possibility of hazardous reactions.

Hazardous polymerization will not occur

Conditions to Avoid

None

Incompatible materials

Strong oxidizing agents could cause a reaction

Hazardous decomposition products

The following may form during or at extremely high temperatures: Oxides of carbon

11. TOXICOLOGICAL INFORMATION

Signs and Symptoms of Overexposure

Eye and nasal irritation with itching of the skin.

Acute Toxicity

	None Known
Eyes	Direct contact may cause temporary redness and discomfort
Skin	No significant irritation expected from a single short-term exposure
Inhalation	No significant irritation expected from a single short-term exposure
Ingestion	Low ingestion hazard in normal use.

Chronic Toxicity

	None Known
Eyes	None Known
Skin	None Known
Inhalation	None Known
Ingestion	Repeated ingestion or swallowing large amounts may cause diarrhea or vomiting

12. ECOLOGICAL INFORMATION

Ecotoxicity

Acute Effects: No adverse effects on aquatic organisms

Chronic Effects: No adverse effects on aquatic organisms

Bioaccumulation is not expected to be significant

13. DISPOSAL CONSIDERATIONS

Waste Disposal Method

This material, if it must be discarded, may meet the criteria of a hazardous waste as defined by US EPA under RCRA (40 CFR 261) or other state and local regulations. Dispose in accordance with local, provincial and federal regulations at a licensed hazardous waste disposal facility. It is the responsibility of the end user to determine if the material meets the criteria of hazardous waste at the time of disposal. Empty containers that have not been rinsed and purged, contain residual material and must be disposed of or recycled in accordance with local regulations.

14. TRANSPORT INFORMATION

United States Department of Transportation (U.S. DOT)

Not regulated as a hazardous material or dangerous goods for transportation.

International Maritime Dangerous Goods (IMO / IMDG)

Not regulated as a hazardous material or dangerous goods for transportation.

International Air Transport Association (IATA)

Not regulated as a hazardous material or dangerous goods for transportation.

Transportation of Dangerous Goods (TDG)

Not regulated as a hazardous material or dangerous goods for transportation.

Agreement on Dangerous Goods by Road (ADR)

Not regulated as a hazardous material or dangerous goods for transportation.

15. REGULATORY INFORMATION

U.S. Federal Regulations

Clean Air Act (CCA)

This product does not contain any hazardous air pollutants (HAP), as defined by the U.S. Clean Air Act Section 12 (40 CFR 61)

EPA SARA Title III Chemical Listings

Section 302 Extremely Hazardous Substances (40 CFR 355)	None
Section 304 CERCLA Hazardous Substances (40 CFR 302)	None
Section 311/312 Hazard Class (40 CFR 370)	None
Acute: Yes Chronic: No Fire: No Pressure: No	Reactive: No
Section 313 Toxic Chemicals (40 CFR 372)	None

U.S. State Regulations

California

This product does not contain chemical(s) listed by the State of California under the Safe Drinking Water and Toxic Enforcement Act of 1986 (Prop 65) as being known to cause cancer, birth defects or other reproductive harm.

Massachusetts / New Jersey / Pennsylvania

No ingredient regulated by MA / NJ / PA Right-to-Know laws present.

International Regulations

Canadian Environmental Protection Act

All of the components of this product are included on the Canadian Domestic Substances list (DSL).

Canadian Workplace Hazardous Materials Information System (WHMIS)

Skin and eye irritant

Chemical Inventories

TSCA	All ingredients are on the inventory
DSL	All ingredients are on the inventory
EINECES	All ingredients are on or exempted from the inventory
AICS	All ingredients are on the inventory
IECSC	All ingredients are on the inventory
KECL	All ingredients are on the inventory
NZIoC	All ingredients are on the inventory
PICCS	All ingredients are on the inventory
